

2011 Play to Win Richmond Refinery

meet or beat the plan

Loss Prevention Week
Discussion Topic - 1/25/11

Welcome to Loss Prevention Week! In order to start the year powerfully we'll be kicking off the year (and our 1Q Proactive event) with a discussion topic during one of your regularly scheduled safety/ start-of-shift crew meetings. *O&M first line supervisors: Would you like assistance with this discussion topic? Limited spaces are available for IIF Champions to come to your work location and offer their assistance with the discussion topics. Interested? [Email the IIFLT](#) and specify the date and time of your safety meeting.*

Discussion Topic: This morning we received a postcard from the IIFLT and we've all heard Mike Coyle's New Year Message. We're all on the same team, and working toward the same goal: Play to win - Meet or Beat the Plan and Incident and Injury Free every day.

What can you commit to that will support our Incident and Injury Free vision? (see below)

Incident and Injury Free Vision:

We will all go home safely every day and Richmond will be the best refinery to work in, because we:

- All make safety personal by demonstrating our commitment and competence every day
- Identify and understand all the hazards associated with each job and consciously manage the risks associated with each hazard
- Engineer, Operate and Maintain our equipment in a safe and reliable manner which protects personnel and the environment – keeping material in the pipes where it belongs.

We'll each receive a hard hat sticker ... Use the sticker to write down and show your commitment to living Incident and Injury Free every day.
